## Workshop Choices and Challenges with Central Venous Access Devices (CVADs)

The goal of this comprehensive workshop is to promote  
excellence in management of all types of CVAD's through  
exploration & integration of theory and clinical practice.

**Date:** Tuesday 12th June 2012  
**Time:** 9:00 – 16.30  
**Venue:** Mercure Sydney Airport Hotel  
20 Levey St,  
Wolli Creek NSW 2205  
**Cost:** \$154.00 (Including GST)

*Includes refreshments, lunch, resource folder & attendance certificate*  
*Hotel Car Parking: \$8.00 per day*

**Target Audience:** Healthcare Professionals seeking endorsed, practical and  
theoretical training in the management of Central Venous Catheters.

## Facilitator

**JOY BLACKA** (RN, BNg, MCP)  
Clinical Consultant

A registered nurse with a Masters in Clinical Practice (Health), Joy has extensive clinical experience in the insertion, care & management of all vascular access devices as well as many years in the health care sector and medical device industry.

Joy is a committed professional who aims to improve patient outcomes through practice development of health care professionals.

### Program Outline

- Types of Central Venous Access Devices including PICCS, Acute CVC's, Dialysis Catheters & Ports
- Selecting the Right Device
- New Technologies with vascular access including impregnated catheters, power injection, ultrasound, intraosseous access, safety systems and ambulatory care
- The expanding scope of practice with vascular access
- Optimising health outcomes with central venous access devices through enhanced critical thinking
- Detection and management of complications with CVAD's
- Management of CVAD's, including flushing, assessment, securement and dressings.
